Information for people with Medicare and Medicaid. Your services are paid first by Medicare and then by Medicaid.

The benefits described below are covered by Medicaid. You can see what Texas Medicaid Health and Human Services Commission covers and what our plan covers.

Coverage of the benefits depends on your level of Medicaid eligibility. If Medicare doesn't cover a service or a benefit has run out, Medicaid may help, but you may have to pay a cost share. In some situations, Medicaid may pay your Medicare cost sharing amount. See your Medicaid Member Handbook for more details. If you have questions about your Medicaid eligibility and what benefits you are entitled to, call Texas Medicaid Health and Human Services Commission, 1-512-424-6500.

## About this plan

UHC Dual Complete TX-S001 (Regional PPO D-SNP) is a Medicare Advantage RPPO plan with a Medicare contract.

To join this plan, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, live within our service area listed below, and be a United States citizen or lawfully present in the United States.

This plan is a Dual Eligible Special Needs Plan (D-SNP) for people who have both Medicare and Medicaid, and don't pay anything for covered medical services. How much Medicaid covers depends on your income, resources, and other factors. Some people get full Medicaid benefits.

Your eligibility to enroll in this plan depends on your type of Medicaid.

You can enroll in this plan if you are in one of these Medicaid categories:

- Qualified Medicare Beneficiary Plus (QMB+): You get Medicaid coverage of Medicare
  cost-share and are also eligible for full Medicaid benefits. Medicaid pays your Part A and
  Part B premiums, deductibles, coinsurance, and copayment amounts for Medicare covered
  services. You pay nothing, except for Part D prescription drug copays (if applicable).
- Qualified Medicare Beneficiary (QMB): You get Medicaid coverage of Medicare cost-share but are not eligible for full Medicaid benefits. Medicaid pays your Part A and Part B premiums, deductibles, coinsurance, and copayment amounts only for Medicare covered services. You pay nothing, except for Part D prescription drug copays (if applicable).
- Specified Low-Income Medicare Beneficiary (SLMB+): Medicaid pays your Part B premium and provides full Medicaid benefits. You are eligible for full Medicaid benefits. At times you may also be eligible for limited assistance from your state Medicaid agency in paying your Medicare cost share amounts. Generally your cost share is 0% when the service is covered by both Medicare and Medicaid. There may be cases where you have to pay cost sharing when a service or benefit is not covered by Medicaid.

If your category of Medicaid eligibility changes, your cost share may also increase or decrease. You must recertify your Medicaid enrollment to continue to receive your Medicare coverage.

Our service area includes Texas.

## Use network providers and pharmacies

UHC Dual Complete TX-S001 (Regional PPO D-SNP) has a network of doctors, hospitals, pharmacies and other providers. With this plan, you have the freedom to see any provider nationwide that accepts Medicare. Plus, you have the flexibility to access a network of local providers. You may pay a higher copay or coinsurance when you see an out-of-network provider. When looking at the charts above you'll see the cost differences for network vs. out-of-network care and services. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at a network pharmacy.

You can go to **UHCCommunityPlan.com** to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions.
